Objective

BCA graduate with solid skills in Core Java, HTML, CSS, Bootstrap, JavaScript, and Oracle SQL. Currently advancing into Full Stack Java Development at Naresh IT, Hyderabad. Looking to contribute to a growth-oriented team as a fresher while building real-world experience.

Technical Skills

Languages	Java (Core), JavaScript (ES6+).
Frontend	HTML5, CSS3, Bootstrap 5, Responsive Design, Flexbox, CSS Grid.
Database	Oracle SQL, Advanced SQL (Joins, Subqueries, Aggregations, Indexes), PL/SQL.
Tools & VCS	Git, GitHub, VS Code, SQL Plus.

Projects

Personal Portfolio Website | [Preview](#)

May 2026

Technologies: *HTML5, CSS3, Bootstrap 5, JavaScript*

Frontend Developer – Personal Project

- Designed and developed a fully responsive personal portfolio website to showcase projects, skills, and professional profile.
- Built the layout using **HTML5** and **CSS3** with **Bootstrap 5** grid system and utility classes for mobile-first responsive design.
- Implemented interactive UI features including smooth scrolling, navbar toggling, and dynamic section transitions using **JavaScript**.
- Applied custom CSS styling with Flexbox and CSS Grid for fine-grained layout control beyond Bootstrap defaults.
- Structured clean, semantic HTML for accessibility and optimized the site for performance across devices and screen sizes.

Employee Payroll System | [Source-Code](#)

Apr - May 2026

Technologies: *Oracle SQL, PL/SQL*

Database Developer – Academic Project

- Designed and developed an enterprise-level payroll database system using Oracle Corporation SQL and PL/SQL.
- Created normalized database schema with 10+ relational tables for employee, department, attendance, leave, tax, bonus, and payroll management.
- Implemented stored procedures, functions, triggers, sequences, views, and indexes to automate salary processing and improve query performance.
- Built reporting queries for payroll analytics, department-wise salary insights, and employee audit tracking.
- Applied database design principles including constraints, joins, subqueries, and normalization for data integrity and scalability.

Education

Bachelor of Computer Applications (BCA)

Chikiti Mahavidyalaya, Berhampur University

Aug 2022 – May 2025

Brahmapur, Odisha

Full Stack Java Developer Training

Naresh IT

Mar 2026 – Ongoing

Hyderabad, Telangana

Certifications & Achievements

- Naresh IT – Full Stack Java Developer Certification
- HackerRank – SQL (Basic & Intermediate) Certified
- Consistent problem-solving practice on HackerRank and LeetCode

Additional Information

Strengths: Problem-solving, attention to detail, quick learner, team collaboration, deadline-driven.

Interests: Full Stack Development, Database Optimization, UI/UX Design, Open-Source Contribution.

Languages: English, Hindi, Odia
